96%

Less UCC-filing review labor

5 days → hours

Funding turnaround

"Kolena reduced our UCC filing review labor by 96% and cut funding turnaround time from five days to just a few hours."

Terrie Hyland

VP of Operations · Milestone Bank

#### WHAT CHANGED

### Funding speed, freed from manual review.

In equipment financing, UCC filing review is detailed, repetitive, and sits directly between a signed deal and disbursed funds. Done by hand, it stretched funding to **five days**. Kolena's AI automated the review — cutting the labor by **96%** and compressing funding turnaround to a few hours. Borrowers get funded faster, and the operations team spends its time on exceptions instead of line-by-line checks.

See it on your filings.

Bring your funding workflow to a 20-minute demo. We'll run it live.
